PROTEIN ON THE GO

PROTEIN ON THE GO. SAINSBURY'S EDITION.

What to grab in Sainsbury's when you need protein fast. **Real products, real numbers, no faff.**

Mark Davies
Founder, Zenith Fit

Structure beats motivation. Every single time.

HOW TO USE THIS

PROTEIN, FAST, FROM SAINSBURY'S

Busy day, no time to cook, standing in the supermarket wondering what to grab? **This is your list.** Every option here gives you a decent hit of protein without a fuss.

1. **Protein first.**
   Aim for 20g or more from a meal, 10g or more from a snack.
2. **Check the label.**
   Recipes and pack sizes change, so the numbers on the pack win.
3. **Log it straight away.**
   Scan the barcode in the app before you eat it.
4. **Add veg or fruit**
   if you can. A bag of salad, a piece of fruit, cherry tomatoes.

SOMETHING BEATS NOTHING. EVERY SINGLE TIME.

A meal deal you've planned beats skipping lunch and raiding the cupboards at 4pm. **Keep a couple of these in the fridge or your bag** for the days that go sideways.

MEALS
