

THE SIMPLE MEAL GUIDE

SIMPLE MEALS. REAL FOOD.

How a day of eating gets built, plus a bank of simple, high protein meals to build your own days from. **Read this one first.**

HOW A DAY GETS BUILT

Eating well doesn't need to be complicated. This guide shows you **how a day of eating gets built,** then gives you a bank of simple meals to build your own days from.

INSIDE THIS GUIDE

- How to build a day around your number
- An example day, start to finish
- Breakfast, lunch and dinner options
- Snacks for when hunger hits
- A swap guide and a shopping list

Every meal here is built around protein, with sensible carbs and fats, so you stay full, keep your energy up and stay consistent. **Use it as a toolkit.** You don't need to follow it to the letter.

HOW TO USE IT

THE SIMPLE WAY TO DO THIS

1. **Know your number.**
   Your calorie and protein targets are set with me. Not sure what yours are? Ask in your check in.
2. **Pick a breakfast, a lunch, a dinner and a snack**
   from the options in this guide.
3. **Pre log it the night before.**
   Put tomorrow in the app before bed. The app adds it up, and you can tweak portions until it fits.
4. **Repeat what works.**
   The same breakfast most days. 2 or 3 lunches on rotation. Simple dinners.
5. **Use the swap guide**
   when you fancy a change, without starting again from scratch.

REMEMBER

- You don’t need perfect meals to make progress
- Protein first, every meal
- Mostly under your target, most days

EVERY DAY

- **Water:** 2 to 3 litres
- **Steps:** 8,000 minimum, more when you can
- **Protein:** at every single meal

AN EXAMPLE DAY

A DAY, START TO FINISH

This is a lighter day, at around 1,200 calories. **Your day might be bigger,** so bump the portions up to fit your number.

BREAKFAST: PROTEIN OATS

- 40g oats
- 30g whey protein
- 150ml unsweetened almond milk
- 50g frozen berries

300 kcal · 30g protein

LUNCH: CHICKEN AND HALLOUMI WRAP

- Wholemeal wrap
- 100g grilled chicken breast
- 30g halloumi
- Mixed salad and a light sauce

330 kcal · 35g protein

DINNER: LEAN BEEF AND POTATO BOWL

- 120g 5% lean beef mince
- 180g potatoes
- Mixed veg
- Tomato sauce or seasoning

420 kcal · 40g protein

SNACK

- Protein yoghurt
- An apple

150 kcal · 15g protein

120g **protein across the day.** That's the bit that keeps you full and protects your muscle while the fat comes off.
